Franklin Templeton FTF Sr XII Plan B	Hybrid - Debt-oriented Conservative	from 07/10/2009 to 04/07/2010

Summary	
<b>Verdict</b>	Overall, performing better than the peer group composite. Over a long track record, the manager has, period by period, consistently managed to outperform the peer group. There is not sufficient data to say whether good stockpicking has had any real effect on results, which have not been particularly exposed to falling markets.
<b>Additional comment</b>	-

## Cumulative performance to last month end
